

What listeners say about Catholic Radio

Catholic Radio has certainly affected my life. It was what Jesus said and did that changed the world! The apostles, the disciples and followers of Jesus heard Jesus talk, they listened to him. Two thousand years later we hear and listen to the words of Jesus Christ our Lord and Savior, on the radio while we are driving, walking, washing the dishes, feeding the children, etc, etc, etc! Wherever there is a radio we can hear and listen to the Word of God. We can hear the word of God without carrying a Bible. Hearing the right word at the right time can change a life in an instant! Many people do not like to read but the listen to the radio. Without Catholic Radio there would be a void in the history of humanity. It is through hearing that we know Jesus and the Gospel. Two thousand years ago people saw, heard and touched our awesome God. Today we can be with him like the Apostles, we can hear him all through the day and all through the night!

In the world of loneliness, despair and rejection I find Catholic Radio to be Educational, Informational, Inspirational, Devotional.

It offers insight, spirituality, encouragement, hope and joy. Catholic Radio is a way of evangelization of the Good News of Jesus Christ.

I listen to LOL everyday on the way home. I love to listen to Fr Al Lauer from Presentation Ministry (now with the Lord in heaven) give his homily on the daily readings. His homilies are ALIVE and PASSIONATE and inspire me each day as he challenges us all to live out our faith daily.

Catholic Radio keeps me very informed. I can keep up with current events within the Church and learn more about our beautiful faith. Listening to Catholic Radio has introduced me to many Catholic intellectuals and I find this very stimulating. I also feel more in touch with events at the Vatican. This gives me a sense of pride because I am very proud of the great popes that we have had during my lifetime. In addition to all this, listening to Catholic Radio make the concept of the Body of Christ more of a reality to me. I feel connected to brother and sister Catholics all over the world. That's a good thing.

As every day is filled with earthly situations and earthly demands it's nice to have this Catholic radio community close by. Reminding us who we say we are and who we're called to be. Exploring the depths of our faith and confirming our true vocations as Christ's body.
